Creating Tables

BACKGROUND INFORMATION FOR LEARNERS

Aside from inserting a text to a *Text Box* and *Word Art*, using *Tables* is one of the ways to present your data well in publisher.

The *Table* has rows and columns which may help you organize your data or content. To insert a *Table*, do the following:

- Go to the *Insert* tab.
- Click *Table*. Then, a drop-down will appear.
- Choose the desired size of your *Table*. (Remember: the size is **Column x Row**)

The *Tables' Design* can be edited, so also its *Layout*. In *Design*, you can change its format, its fill colors, its line colors, and its borders. In *Layout*, you can add/ delete columns or rows, split or merge cells, and change the alignment of its text.

LEARNING COMPETENCY

After accomplishing this activity, you would be able to use the menu bar and be familiarized with its functions by creating a table.
